OBJECTIVE

Results-driven Frontend Developer with hands-on experience in building responsive web interfaces using HTML, CSS, and JavaScript, and a proven track record of improving user engagement through optimized web solutions.

EDUCATION

D. Y. Patil College of Engineering & Technology

B.Tech in Computer Science (Data Science) — CGPA: 8.1

Kolhapur, Maharashtra

Sep 2023 - Jun 2026

Dr. Bapuji Salunkhe Institute of Engineering & Technology

Diploma in Computer Engineering — CGPA: 8.9

Kolhapur, Maharashtra

Sep 2020 - Jun 2023

TECHNICAL SKILLS

Languages: JavaScript, Python, SQL

Web Development & Technologies: HTML5, CSS3, JavaScript (ES6+), React, Tailwind CSS, Bootstrap, MySQL, MongoDB

Developer Tools: VS Code, Git, GitHub, Power BI

Soft Skills: Leadership, Communication, Time Management, Team Collaboration

EXPERIENCE

Web Development Intern

Walstar Technologies Pvt. Ltd

Sep 2025 – Oct 2025

(Hybrid)

- Developed and customized Shopify websites using Liquid, HTML, CSS, and JavaScript.
- Built responsive layouts and interactive UI components, improving mobile compatibility.
- Optimized themes and resolved layout issues, reducing page load time by up to 30%.

Educational Data Analysis Intern

IIT Bombay EdTech

Jun 2025 – Oct 2025

Hybrid

- Analyzed multisensor and cognitive data from 50+ postgraduate students.
- Improved data pipelines and reduced noise by 25%, increasing result accuracy.
- Presented findings during internal research review sessions.

PROJECTS

EkCupChai | Live Link | Tailwind, Js, React

Jan 2025

- Built a responsive React.js single-page application using functional components, hooks (useState, useEffect), and component-based architecture.
- Implemented dynamic UI rendering, reusable components, and efficient state management to enhance user experience and performance.

FluxBoard | Live Link | HTML, CSS, JavaScript

Dec 2025 – Jan 2026

- Built a responsive personal productivity dashboard with to-do list, planner, Pomodoro timer, and weather.
- Integrated external APIs for real-time weather updates and motivational quotes.
- Designed a modular UI structure to allow easy feature expansion and maintenance.

Nexus PDF Chatbot | Live Link | Python & LangChain

Feb 2025 – May 2025

- Developed a web-based chatbot enabling natural language queries over multiple PDF documents.
- Implemented semantic search using LangChain to retrieve context-aware responses.
- Built an efficient document ingestion pipeline supporting multiple PDFs simultaneously.
- Reduced manual document search time by enabling automated summarization and querying.

CERTIFICATIONS & HACKATHONS

- **Certifications:** Career Essentials in Software Development (Microsoft), MERN Stack Bootcamp (GeeksforGeeks), Cloud Practitioner Essentials (AWS)
- **Hackathons:** gtt Data Solutions Hackathon 2025 (Secured Winning Position), IIT K DS Hackathon, Smart India Hackathons, Unstop, Kaggle
